## REPORT OF BOARD OF HEALTH.

In accordance with the provisions of an act passed by the legislature of 1897, requiring the selectmen of each town to appoint a Board of Health, the undersigned were appointed in that capacity.

Since the appointment of this board, April 1, 1897, Londonderry has been remarkably free from epidemics of contagious and infectious diseases. It is true that there has been an occasional case of diphtheria, scarlet fever, typhoid fever, etc., reported to the board. If rumor is correct, it is also true that there have been occasional cases of the above diseases which have not been reported.

As there is great ignorance of the laws bearing on this subject, we think it is not out of place to quote a few extracts from the law of 1893, entitled, An Act to Prevent the Introduction of Epidemic Diseases into the State.

ARTICLE I. Every physician practising medicine in this State shall report at once to the local Board of Health every case of cholera, small-pox, typhus fever, yellow fever, diphtheria, membranous croup, scarlet fever, typhoid fever and measles coming under his care or observation.

ART. II. Whenever any householder knows or has reason to believe that any person within his family or household has either of the diseases named in Article I., he shall, within twenty-four hours, if no physician is in attendance, give notice thereof to the local Board of Health of the town or city in which he resides, and such notice shall be

given either verbally to one of the Health officers, or by a communication addressed to the Board of Health and duly mailed within the time specified.

ART. XII. Any person or corporation violating the rules and regulations issued by the State Board of Health shall be subject to a fine of not more than two hundred dollars, or be imprisoned not more than six months, or both, and it shall be the duty of any person to whom a knowledge of such violation may come to notify the State Board of Health.

We have noticed in some families afflicted with contagious disease a tendency to keep the knowledge of its presence from the public. The articles above quoted show plainly that the object of the law is to protect the sick person, the family and the community, and boards of health are appointed to see that all are protected; in other words, that the sick person may receive proper attention, and that no others may be unnecessarily exposed to danger.

We hope that in the future all cases of the diseases mentioned in Article I. will be promptly reported, as they may occur, not only to avoid criminal neglect of the law but to place the sick person, the family and the community under the protection of the law.

The running of sewerage into Kendall's Pond by the West Derry Sewerage Association caused us some anxiety last fall in regard to what affect it would have on the health of those living near the pond, also upon the ice, as a large amount is taken from there for domestic use. As yet there seems to be no apparent danger, but, unless it is stopped, we anticipate trouble from that source next summer.

WM. RICHARDSON, M. D.,	} Board of Health.
GEO. W. MILLER.	
S. P. ROBIE,	

## *SCHOOL WARRANT.*

### STATE OF NEW HAMPSHIRE.

To the inhabitants of the school district of Londonderry qualified to vote in district affairs:

You are hereby notified to meet at the town hall in said district on Saturday, the 12th day of March, 1898, at 2 o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the ensuing year:
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To hear the reports of agents, auditors, committees or officers heretofore chosen, and pass any vote relating thereto.
5. To see what sum of money the district will vote to raise by taxation in addition to the sum required by law.
6. To choose agents, auditors and committees in relation to any subjects embraced in this warrant.

Given under our hands at said Londonderry, the 22nd day of February, 1898.

WILLIAM RICHARDSON, M. D.,	}	School Board.
DANIEL G. ANNIS,		
GEORGIETTA W. BARRETT,		

## SCHOOL REPORT.

A brief report is hereby submitted. We have not had as many weeks schooling this year as usual, owing to the following reasons:

First: There was not the usual amount of school money raised, and, second, we have had unusual expenses to meet.

The Normal Readers which had been in use several years, were discarded and the Columbian Readers introduced. No other change in text books was made, except to introduce a few copies of *The Story of Our Country*, a work on history suitable for younger pupils in that study.

No. 8 school house has been supplied with modern seats and desks, and general repairs have been made in all the school houses where needed.

The School Board of Derry notified us that they should not open the small school above Derry Depot. This district originally included a part of Londonderry, and at the present time most of the pupils live in Londonderry. We rented the house and engaged a teacher for it, thereby giving the pupils of that section the same advantages the other pupils in town had.

Our teachers were most of them experienced teachers, and appeared to be conscientious and painstaking in their work. Many of them are residents of Londonderry.

Number of visits by School Board, 41.

Number of children, between the ages of 5 and 15 years, reported by the Selectmen in April, 1897, 241; boys, 126; girls, 115.

## ROLL OF HONOR.

## TWO TERMS.

Angie R. Tenney	Linda G. McAllister .
